2021 Battle of New Orleans COVID-19 Policy

Tulane University adheres to a strict COVID-19 mitigation policy. This policy is subject to change based on current city and state guidelines. Any changes will be immediately communicated to instructors.

1.) For outside guests, Tulane University requires proof of vaccination or negative PCR test within 72 hours of entering campus. All participants, instructors, and observers must provide proof in order to participate in or observe the 2021 Battle of New Orleans Drill Meet. No exceptions.

2.) All participants must wear a mask when social distancing cannot be maintained or when indoors. This applies to the close order drill, exhibitions, inspections, and color guard events. Athletics will be adjusted to ensure social distancing is in effect, therefore, masks are not required for most of these events. In the athletics events that require a partner (i.e. curl-ups), the partner not executing the exercise will be required to wear a mask. Tug-of-war will not require a mask.

3.) All participants (including instructors and observers) must sign the Battle of New Orleans COVID-19 Statement of Understanding (SOU) before participating in or observing the drill meet events. The COVID-19 SOU's will be provided for signature at the registration desk on the day of the drill meet. At that time, proof of vaccination or negative PCR tests must be provided.

4.) All participants (including instructors and parents) must adhere to Tulane University's COVID-19 policies and the above guidelines. Those who do not adhere to these rules are subject to removal from campus and forfeit participation in the drill meet.
